# PRESIDENTIAL STRAW POLL

Please carefully read the following instructions for tonight's presidential straw poll. It is important follow these procedures to ensure balloting takes place in accordance with State law.

1. Instruct tellers to distribute the ballots to officially registered caucus attendees. Distribute ballots only to individuals who have officially signed in; observers may not vote in the straw poll. Every precinct should have more than enough ballots. However, if for some reason there is not enough, please feel free to improvise. No one who has signed in should be turned away from voting in the straw poll for lack of a ballot. (Precinct caucuses meeting in adjacent rooms may have extra ballots.)

2. Voting must be by secret ballot.

3. Have tellers collect ballots once everyone has had an opportunity to vote. Have the tellers count the ballots in front of the room. (Other caucus business can proceed while the ballots are being counted.)

4. When the count is complete, announce the results to those in attendance.

5. Return all completed ballots to the enclosed envelope. Discard blank ballots. Do not co-mingle ballots with other precinct caucuses.

6. Write the results of the presidential straw poll on the form below.

7. Follow the directions laid out by your caucus coordinator to report results to the Secretary of State.

***Statewide results for the presidential straw poll will be available (and updated live) on the Secretary of State's website as soon as a BPOU reports the results.***
